filed with the county clerk. Among those on the sick list are Stockton Heth, cashier of the internal

revenue office, and Justice Wade. The latter gentleman is dangerously ill. A glandered horse was found running at large near the corner of Thirteenth and Hickory yesterday afternoon and by order of Dr. Ramiciotti he was shot. The following persons have given bonds for the erection of signs at the curb stone: James T. Kinsler, 1307 Farnam street: J. H. Curry, Sixteenth and Dodge; Samuel Motz, 414 South Thirteenth.

At 9 o'clock last evening 120 reprerentatives of the press of Iowa passed through Omaha on the Union Pacific on their way to the Yellowstone Park. They are on a fifteen day's outing, and among the places they visitare Denver, Manitou and Sait Lake.

A. J. Hanscom has the highest assessment of personal property of any individual in Douglas county. He is assessed for \$37,000, which is more than the valuation of all personal property in either of the following precincts: Waterloo, West Omaha, Millard, Douglas, Elkhorn or Jefferson.

The deed for the transfer of a lot at the corner of Seventeenth and Farnam streets was filed for record Monday. The paper was made out May 30, 1887, and transfers the property from William Jones, of Henry county, Missouri, to William B. Brinkerhoff and Herman P. Farris for the consideration

A Pickpocket Caught.

As Mrs. Charles H. Dewey was coming out of Falconer's store yesterday afternoon a member of the light fingered gentry jerked her purse from her pocket. She immediately gave the alarm and one of the clerks ran forward and seized the pickpocket before he could get away, and turned him over to Officer Ryan. The thief gives the name of Edward Sampson, and is one of the tramps with which the city has been flooded of late

They Want the Cable. About three hundred people assembled at

Hanseom park last night to protest against the occupation of South Twentieth street. and Poppleton avenue by the motor line. Among the speakers were M. L. Rheem, J. J. Points and J. P. Breen. About a hundred names were affixed to a petition to the board of public works, asking them to prevent, it possible, the extension of the motor line, and declaring the preference of the residents for the cable. Over \$200 was subscribed to de-fray the expenses of the injunction suit and a Heimrod to the board of public works, was adopted. Drugged Her Liquor.

A woman from Council Bluffs fell in with a couple of tough customers she met on Tenth street late yesterday afternoon and accompanied them into a wine room. There they succeeded in drugging her, and when found by the police they supposed she had been poisoned. She was taken first to the police station, then to St. Joseph's hospital where she recovered sufficiently to be sent home. The men who drugged her are both said to be gamblers, but nothing more could be learned of their identity.

Arrested For Fighting.

About a month ago a fellow named W. R. Simms engaged in a desperate fight with another man named Stewart at the B. & M. saloon. Deadly weapons were used and Simms came very near dying from the in-uries he received. Stewart was arrested on the charge of assault with intent to kill, but the charge of assault with intent to kill, but Simms failing to appear against him, the case was dismissed. Warrants were then issued for the arrest of both of them on the charge of fighting, but by this time Simms had recovered sufficiently to skip, and did not show up again until last evening, when he was apprehended by the police and run in.

The Open Board of Trade. Inquiry at the office of McWhorter & Roll lins, yesterday, showed that, as yet, no word had been received from Mr. McWhorter, and that in fact, his whereabouts were unknown. He was traveling in the east, and when last heard from was in Maine. Until he was heard from it was not known whether or not the firm would accept the offer of the board of trade of a free room for a year in case the firm should agree to open an office in the board of trade building. Mr. Rollins said if they should gree to he was the firm should agree to pen an office in the board of trade building. Rollins said if they should open a place there it would be run in connection with their present office which, under no circumstances would be abandoned. Mr. Rollins thought favorably of the project of erecting an ele-vator here for the whisky trust, and said it would have a favorable effect upon the grain market in this city.

The UNION PACIFIC was first called the Great Overland Route.

CRIMINALLY LIABLE.

Both Swoboda and Dr. Connell So Charged By the Coroner's Jury. The investigation of the death of Arnstein's baby from morphine administered by Dr. Connell was continued at Coroner Drexel's office last night and several of the most prominent physicians of the city testified. Their evidence was very similar to that published in yesterday's issue, all agreeing that morphine should not have been administered. At the conclusion the jury retired and after an hour's deliberation returned the following

grain weight the powders produced would under the same methods have weighed an eighth grain each. In order to produce four Swoboda would have to have used a two grain weight. This seems highly improbable as morphine is a very light drug and the quantity required to weigh two grains would have been so great as to at once attract the attention of a novice in the business, not to say a young man of Sweboda's experience.

say a young man of Swoboda's experience.

Another matter which will be freely investigated by the friends of the young man is the proof that the powders given by Dr. Connell to the coroner are the same identical ones put up by Swoboda. According to the statement of the physician he, upon finding the dose fatal, took two of the powders to Powell's drug store where they were weighed on scales which they claim will balance the on scales which they claim will balance the on scales which they claim will balance the thirty-second part of a grain. Powell states that the powders weighed one-fourth grain each. At the inquest the powders were taken out and found to weigh one-quarter grain each. A morphine powder weighed as Powell claims he weighed this, on the bare pan, will not weigh the same the succeeding time. ceeding time. A portion of the drug will adhere to the pan, which, while very minute, is enough to make a difference on a delicately balanced scale. According to the statement of several druggists, there is not a balance in the city outside the Grant smelting works and those in a manufacturing the statement. and those in a manufacturing pharmacy at Eleventh and Howard streets that will cor-rectly weigh the thirty-second part of a grain as claimed by Powell for his scale, A pair of scales similar to the one used by Swoboda will be sensitive to a very small portion of a grain, but at the same time not be correct. The pharmacists mentioned state that the practice followed by Bell's clerk is general and absolutely safe. That it is better to weigh a grain or half a grain and divide it than to attempt to weigh a sixteenth, eighth or quarter even on any but the finest balance.

These facts are important.

Another thing of importance, which will be Another thing of importance, which will be thoroughly investigated and passed upon by all the leading medical men in the city, the action of Dr. Connell in giving morphine at all. In addition to the testimony of the doctors the rules of medical works will be brought into question. Morse & Plummer's work says that for a child six months old the quantity of morphine should not be over one-twentieth of a grain, and to administer such a dose the child should be ordinarily strong. In this case the child was only eleven days old, was suffering from an operation and was given one-sixteenth grain.

ROWE'S CIRCUS.

Vast Crowds Visiting the Great Ex-

hibition Daily. The vast growds that visit Howe's only 10cent circus on Eighteenth and Charles streets are increasing daily. The show is reached by the Twentieth street cable line and by the horse cars, and is centrally lo-cated. All the performances are unrivalled, and the great (1) shows on the road have performances which fall short compared to the ring work in this great display. The riders are marvels, the clowns unsurpassed since the palmy days of Dan Rice, George Arm-strong and Billy Burke. The trick animals strong and Billy Burke. The trick animals are great, and everything produced in a high-priced show are reproduced and excelled under Howe's canvas. The show will delight the citizens of this city for two weeks. All those who have not seen this unrivalled wonder should attend at the first opportunity. Thursday will be the last day in the present location. Friday, Saturday and Sunday they will show at the end of the Twentieth street. will show at the end of the Twentieth stree

The Narrow Escape of Another Jewish Child From Drug Poisoning.

Abe Lewis, another Hebrew whose child was circumcised last Sunday, is thanking his stars for the narrow escape his little elevenday-old boy had from also being killed with morphine. After the Arnstein child had been circumcised and the fatal drug administered, it was decided to do a neighborly act by sending one of the remaining powders over to Lewis', as his child had been operover to Lewis, as his cliffd had been oper-ated upon a few hours before. The drug was thankfully received and preparations made to give the deadly dose to the baby when it was discovered that he was sleeping soundly. The medicine was therefore set to one side and fortunately was forgotten until the arrival of the terrible news of the death of the Arn-

stem child from the drug. The medicine was then consigned to the street. TARRANT'S SELTZER APERIENT effectually cures Constipation and Siel

Fire in a Bank Building.

The spontaneous combustion of a pile of old greasy rags and other debris in the basement of the First National bank building brought out the fire department about \$:10 last evening. The flames were promptly ex-tinguished and the damage done was merely

If you need a perfect tonic or blood purifier, take Dr. Jones' Red Clover Tonic. It speedily cures all troubles of the stomach, kidneys and liver. Can be taken by the most delicate. Price 50 conts. Goodman.

we, the jury, find that the said Valentine Arasteln came to his death by an overdose of morphine prescribed by Dr. R. W. Connell, and we find the said R. W. Connell criminally liable for prescribing the same. We also find Louis Swoboda, the clerk for B. C. Bell at Thirteenth and Jackson streets, criminally liable for putting up the wrong prescribed.

George L. Dennis, Max Morris, P. Weeshagen, Myer Hellman, Morris, P. Weeshagen, Myer Hellman, Aldert G. Berkely, B. Newman.

Several new facts in relation to the matter were developed yesterday and before the investigation is concluded a new condition of affairs may occur. For instance, as stated. Swoboda asserts that he filled the prescription as directed by weighing one half a grain of the drug, dividing it in two equal parts throwing one-half away and making four one-sixteenth grain powders of the remainder. Real Estate Transfers.

What July Brings Forth.

This is the month for closing out Summer Goods and we propose to wind up the most successful spring season with a grand clearing out sale. We do not brag much to day of the size of our stock, nor the variety of our assortment. We admit that just now you may find a much larger stock in other houses.—But this fact only demonstrates that we have done the business and while our competitors generally complain about a dull season, we have done a larger spring business than we ever dreamt of doing.

What little we have left in the way of Summer Suits, must all go this month, and no matter how low the prices were before, we will cut them still more.

The greatest hit of the season was made with our 75c flannel Coat and Vests. These are the talk of the town. When we first advertised them, a great many people came into the store out of curiosity, just to see whether we really did give a good Coat and Vest for that money; well they were surprised and though they didn't need any they quickly bought one, as it was too good a chance to miss and so it comes that almost every other man you meet on the streets, wears one. When two days ago these Coats and Vests gave out we thought we had sold enough of them and did not intend to get any more, as we must have supplied half of the population of the city, but so great was the demand for them yesterday and day before, and so many customers were disappoined that we concluded to telegraph for another shipment. We have ordered one thousand more of them; they will be here and open for sale on Monday morning. Mail orders accompanied by cash for these Coats and Vests will be filled until Wednesday, as the supply will not last longer.

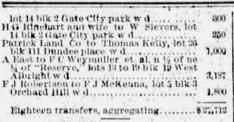

The balance of our Mohair, Serge and genuine French flannel Coats and Vests including a few extra fine Pongee Silks has been marked down regardless of cost or

CAUTION-Designing persons, taking advantage of our reputation, are constantly starting bogus medical establishments to deceive strangers visiting the city. These pretenders usually disappear in a few weeks. Beware of them or their runners or agents. The Omaha Medical and Surgical Institute is the only established medical institute in Omaha, Dr. McMenamy, Proprietor. When you make up your mind to visit us, make a memorandum of our exact address, and thus

FOR THE TREATMENT OF ALL

Chronic and Surgical Diseases

AND DISEASES OF THE EYE AND EAR.

DR. J. W. McMENAMY, Physician and Surgeon in Charge-TWENTY YEARS' HOSPITAL AND PRIVATE PRACTICE.

Assisted by a Number of Competent, Skillful and Experience 1 Physicians and Surgeons

Particular Attention paid to Deformitles, Diseases of Women, Diseases of the Urinary and Sexual Organs, Private Diseases, Diseases of the Nervous System, Lung and Throat Diseases, Surgical Operations, Epilepsy or Fits, Piles, Cancers, Tumors, Etc.

More money invested; more skillful physicians and surgeons employed; more patients treated; more cures effected; more modern improved instruments, apparatus and appli-ances than can be found in all other infirmaries, institutes or dispensaries in the west combined. Largest and most complete Medical Institute or Hospital in the west. Pity newly furnished, well warmed and ventilated rooms for patients, three skilled physicians always in the building. All kinds of diseases treated in the most scientific manner.

We Manufacture Surgical Braces for Deformities, Trusses, Supporters, Electrical Batteries, and can supply physicians or patients any appliance, remedy or instrument known. Call and consult us, or write for circulars upon all sub-

jects, with list of questions for patients to answer. Thousands treated successfully by correspondence. We have superior advantages and facilities for treating diseases, percorrespondence. We have superior advantages and facilities for treating diseases, performing surgical operations and nursing patients, which combined with our acknowledged ability, experieuce, responsibility and reputation, should make the Omaha Medical and Surgical Institute the first choice.

The Omaha Medical and Surgical Institute is conducted upon strict business and

scientific principles, and patients here receive every advantage that art, skill, science and human ingenuity, can bring to bear on their cases. Their comfort and convenience will always be taken into consideration.

Should you conclude to visit us for treatment or correspond with us, you will find that these statements of our position, location and facilities are not overdrawn in any particular, but are plain unvarnished facts.

Only Reliable Medical Institute Making a Specialty of

PRIVATE DISEASES.

All Blood Diseases successfully treated. Syphilitic Poison removed from the system without mercury. New restorative treatment for loss of Vital Power, Persons unable to visit us may be treated at home by correspondence. All communications confidential Medicines or instruments sent by mail or express, securely packed, no marks to indicate contents or sender. One personal interview preferred. Call and consult us or send history of your case, and we will send in plain wrapper, our

BOOK TO MEN, FREE,

Upon Private, Special or Nervous Diseases, Impotency, Syphilis, Gleet and Varicocele,

My Reasons for Writing a Book Upon Private. Special and Nervous Diseases.

I have for many years made a specialty of diseases of the urinary and sexual organs, have for many years made a specialty of diseases of the urinary and sexual organs, have become a recognized authority upon the subject, consequently I receive an immense number of letters from physicians and afflicted persons, asking my opinion and advice upon individual cases. For the benefit of such persons, I have written a book, giving a general description of the most common diseases and conditions, my treatment, success, advice, etc. After reading it, persons will have a clearer idea of their condition and can write me more intelligently and to the point. It will therefore be seen that our object in writing these pages is not to furnish reading matter to a class or persons who read out of mere idle curiosity, but for the benefit of the many who are suffering to a greater or less degree from diseases, or the effects of diseases or abuses, of the sexual or urinary organs. Not a day passes but we receive many calls or letters from persons suffering from this class of diseases, or their sequel. Many of them are ignorant of the cause of the difficulty that has wrecked their constitutions, thrown a cloud over their bright prospects and is shortening their days.

SURGERY.

Surgical operations for the cure of Hare Lip, Club Feet, Tumors, Cancers, Fistula, Cataract, Strabi-mus (Cross Eyes) Varicoccle, Inverted Nails, Wens and Deformities of the Human Body performed in the most scientific manner. We treat Chronic Diseases of the Lungs, Heart, Head, Blood, Skin, Scalp, Stomach, Liver, Kidneys, Bladder, Nerves, Bones, etc., as Paralysis, Epilepsy, (Fits), Scrofula Bright's Disease, Tape Worm, Ulcers or Fever Sores, Dyspepsia or Gastritis, Baldness

DISEASES OF WOMEN.

Treated carefully, skillfully and scientifically by the latest and most approved methods. WRITE FOR BOOK ON DISEASES OF WOMEN, FREE. Dr. McMenamy has for years devoted a large portion of his time to the study and treatment of this class of diseases, and has spared neither time nor money to perfect himself, and is fully supplied with every instrument, appliance and remedy of value in this department of Medicine and Surgery.

we have cured, after others have failed, substantiate our claims. To those affi cted with Eye and Ear Diseases, we simply say call and consult us, get a scientific opinion, then visit whom you like, and if you are an intelligent person you will return to us for treat-

Our book, describing the Eye and Ear and their diseases, in plain language with numerous illustrations, are written for the benefit of patients and physicians who write us in regard to cases; by reading them carefully physician and patient will have a clear understanding and can describe cases to us more intelligently.
